**Note:** Refer to the Material Safety Data Sheet for important information on safety and handling of this material.

Vapor and liquid are irritating to skin and eyes. Wear goggles and gloves where there is danger of contact with the liquid.

The area must be mechanically ventilated when this product is used in large quantities.

The customer is responsible for following the supplier's recommended application procedures and addition levels. Failure to adhere to addition levels recommended in all Technical Data Sheets will likely result in unsatisfactory film appearance or film failure.

The above specifications are typical and the actual product may vary slightly.

Please refer to the Material Safety Data Sheet for additional information.
