**FastCap  
 Custom Color Punch Kit**

**Steps to follow**

- Use the FlushMount bit to countersink the screw hole
- Construct your cabinet with Powerhead screws
- Adhere your material to the SpeedTape
- Punch out exactly the number of Fastcaps you need
- Apply your new caps, flush with the surface

**Includes**

- Hard shell carrying case
- Flush mount drill bits (3) (9/16", 11/16", 3/8")
- 1" SpeedTape

<u>Part #</u>	<u>Description</u>
FCHOLE PUNCH KIT	Punch Kit
FCHOLE PUNCH SINGLE	Punch Single

**FastCap  
 Macro Flush Cut Trimmers FCPLIERS-FLUSHCUT**

The new Macro Flush Cut Trimmer allows you to trim edgework or veneer flush with the surface. These innovative new trimmers "Stop The Struggle", saving you time and money. They are the first tool you will pull out of your bag every time! If for some reason you don't get the perfect cut the first time, these amazing trimmers allow you to make a micro cut for the perfect nip and tuck. Works great with standard wood and PVC edgeworking .018 - .025, not recommended for 3mm.

**FastCap  
 Micro Flush Mount Drill Bit System with Carbide Bit Ball Bearing Stop Collar**

The FlushMount Drill Bit System incorporates a unique ball bearing stop collar that controls the recess depth the drill creates. This bearing system allows the stop collar to stop spinning when it comes in contact with the surface you are drilling and it won't mar the surface.

**Features**

- Compact Size – fits into small spaces
- Micro depth adjust
- Stop collar spins freely
- Micro adjust locking thumb screw
- Adjustable 1/8" pilot bit

<u>Part #</u>	<u>Description</u>
FC.DB.CB.9/16.MICRO	Flush Mount Drill Bit (9/16)
FC.DB.INNERBIT	Inner Bit Replacement

#### 2-P10 Colorant System

##### Adhesive System Colorant

The new colorant kit allows you to mix exactly the right tint of 2P-10 filler in seconds. This high tech colorant is specifically made to work with the 2P-10 system. Colorant is extremely permanent on all surfaces. The kit includes an instruction sheet, carrying case, 2P-10 Jel Adhesive (2.25 oz), pad to mix adhesive and colorant on, sticks for mixing ingredients together, and six colors for mixing. Individual colors are also available.

#### Electric Trim Rings

The ETR - Electrical Trim Ring, is designed to clean up electrical cutouts in the back of cabinets. This ring is extremely versatile. It comes in two sizes for single and double gang boxes and can be trimmed to specific return depths, depending upon the thickness of the back. The ETR is easy to install and align with our new Outlet Stamp. Standard color is white, but custom colors are also available.

### Euro Door Stop

#### FCEURO DOOR STOP

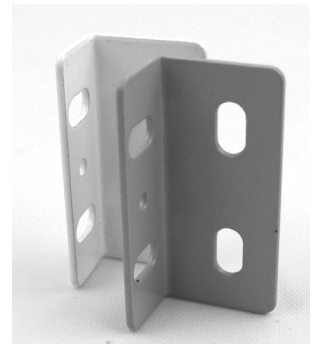

Designed to use with European cabinets, this simple and elegant solution, EDS (Euro Door Stop), will make sure your Euro door cabinets look their best. Don't settle for doors that won't shut at the same level, make your inset Euro cabinets look great! Simply screw the EDS inside your cabinet, rotate them to adjust where you want the cabinet door to shut and you are done! Simple and effective.

#### Kolbe Korner

Kolbe Korner is a mounting bracket for 5-piece shaker style drawer fronts. These metal Kolbe Korners are similar to the polycarbonate Kolbe Korners except that the material is metal! It has a slightly smaller design and is thinner. The purpose of these metal Kolbe Korners is to accommodate a commercial environment.

#### **Features**

- Mount shaker drawer fronts and Euro drawer bottoms quickly
- Easily with Kolbe Korner
- Polycarbonate 50 packs include screws & cover caps

FastCap Work Wear

**MXV Dust Mask**

**FCMXV**

FastCap's MXV Dust Masks are a superior quality filtration system. These high quality dust masks are perfect for general purpose non-toxic applications where dust and particles are present. The easy breathe exhale valve keeps the dust out and helps prevent the fogging of your safety glasses while you work. It is so comfortable you may forget you're wearing it! Available in a box of 10.

**MXV Dust Mask**

**Pocket Dust Mask**

The Pocket MXV dustmask is one of FastCap's greatest innovations. It is the most comfortable dust mask you will ever wear. The amazing filtration, and high quality exhale valve combined with its lay flat pocket design, is the new industry standard. Its resealable, hygienic bag allows you to keep your used dust mask clean and ready for the next use. You will use less dust masks, spend less money and be more comfortable.
